

Products	Model	Condition / Function	SIL	PFHd	PL	Category	MTTFd(Year)	DCavg (%)	B10d	Note
Photoelectric sensor	E3Z-T**	Through-beam	-	-	-	-	502	-	-	This product does NOT conform to requirements of IEC61496-1 and IEC61496-2. Please do NOT use this product for human body protection.
Photoelectric sensor	E3Z-R**	Retro-reflective	-	-	-	-	677	-	-	This product does NOT conform to requirements of IEC61496-1 and IEC61496-2. Please do NOT use this product for human body protection.
Photoelectric sensor	E3Z-D**	Diffuse-reflective	-	-	-	-	677	-	-	This product does NOT conform to requirements of IEC61496-1 and IEC61496-2. Please do NOT use this product for human body protection.
Photoelectric sensor	E3Z-LS**	Distance-settable	-	-	-	-	645	-	-	This product does NOT conform to requirements of IEC61496-1 and IEC61496-2. Please do NOT use this product for human body protection.
Photoelectric sensor	E3Z-G**	Through-beam, Grooved-shape	-	-	-	-	517	-	-	This product does NOT conform to requirements of IEC61496-1 and IEC61496-2. Please do NOT use this product for human body protection.
Photoelectric sensor	E3Z-LT**	Through-beam, Laser	-	-	-	-	104	-	-	This product does NOT conform to requirements of IEC61496-1 and IEC61496-2. Please do NOT use this product for human body protection.
Photoelectric sensor	E3Z-LR**	Retro-reflective, Laser	-	-	-	-	111	-	-	This product does NOT conform to requirements of IEC61496-1 and IEC61496-2. Please do NOT use this product for human body protection.
Photoelectric sensor	E3Z-LL**	Distance-settable, Laser	-	-	-	-	110	-	-	This product does NOT conform to requirements of IEC61496-1 and IEC61496-2. Please do NOT use this product for human body protection.
Photoelectric sensor	E3ZM-T**	Through-beam	-	-	-	-	416	-	-	This product does NOT conform to requirements of IEC61496-1 and IEC61496-2. Please do NOT use this product for human body protection.
Photoelectric sensor	E3ZM-R**	Retro-reflective	-	-	-	-	617	-	-	This product does NOT conform to requirements of IEC61496-1 and IEC61496-2. Please do NOT use this product for human body protection.
Photoelectric sensor	E3ZM-D**	Diffuse-reflective	-	-	-	-	617	-	-	This product does NOT conform to requirements of IEC61496-1 and IEC61496-2. Please do NOT use this product for human body protection.
Photoelectric sensor	E3ZM-LS**	Distance-settable	-	-	-	-	788	-	-	This product does NOT conform to requirements of IEC61496-1 and IEC61496-2. Please do NOT use this product for human body protection.
Photoelectric sensor	E3T-FT**	Through-beam	-	-	-	-	857	-	-	This product does NOT conform to requirements of IEC61496-1 and IEC61496-2. Please do NOT use this product for human body protection.
Photoelectric sensor	E3T-ST**	Through-beam	-	-	-	-	857	-	-	This product does NOT conform to requirements of IEC61496-1 and IEC61496-2. Please do NOT use this product for human body protection.
Photoelectric sensor	E3T-FL**	Convergent-reflective	-	-	-	-	971	-	-	This product does NOT conform to requirements of IEC61496-1 and IEC61496-2. Please do NOT use this product for human body protection.
Photoelectric sensor	E3T-SL**	Convergent-reflective	-	-	-	-	1059	-	-	This product does NOT conform to requirements of IEC61496-1 and IEC61496-2. Please do NOT use this product for human body protection.
Photoelectric sensor	E3T-SR**	Retro-reflective	-	-	-	-	1059	-	-	This product does NOT conform to requirements of IEC61496-1 and IEC61496-2. Please do NOT use this product for human body protection.
Photoelectric sensor	E3T-FD**	Diffuse-reflective	-	-	-	-	1059	-	-	This product does NOT conform to requirements of IEC61496-1 and IEC61496-2. Please do NOT use this product for human body protection.
Photoelectric sensor	E3JK-5M*	Through-beam, Relay output	-	-	-	-	450	-	-	This product does NOT conform to requirements of IEC61496-1 and IEC61496-2. Please do NOT use this product for human body protection.
Photoelectric sensor	E3JK-5S3	Through-beam, SSR output	-	-	-	-	509	-	-	This product does NOT conform to requirements of IEC61496-1 and IEC61496-2. Please do NOT use this product for human body protection.
Photoelectric sensor	E3JK-R*M*	Retro-reflective, Relay output	-	-	-	-	736	-	-	This product does NOT conform to requirements of IEC61496-1 and IEC61496-2. Please do NOT use this product for human body protection.
Photoelectric sensor	E3JK-R*S*	Retro-reflective, SSR output	-	-	-	-	653	-	-	This product does NOT conform to requirements of IEC61496-1 and IEC61496-2. Please do NOT use this product for human body protection.
Photoelectric sensor	E3JK-TR/ TN/ TP	Through-beam	-	-	-	-	307	-	-	This product does NOT conform to requirements of IEC61496-1 and IEC61496-2. Please do NOT use this product for human body protection.
Photoelectric sensor	E3JK-RR/ RN/ RP	Retro-reflective	-	-	-	-	307	-	-	This product does NOT conform to requirements of IEC61496-1 and IEC61496-2. Please do NOT use this product for human body protection.
Photoelectric sensor	E3JK-DR/ DN/ DP	Diffuse-reflective	-	-	-	-	307	-	-	This product does NOT conform to requirements of IEC61496-1 and IEC61496-2. Please do NOT use this product for human body protection.
Photoelectric sensor	E3JM-10M4	Through-beam, Relay output	-	-	-	-	370	-	-	This product does NOT conform to requirements of IEC61496-1 and IEC61496-2. Please do NOT use this product for human body protection.
Photoelectric sensor	E3JM-10S4	Through-beam, SSR output	-	-	-	-	408	-	-	This product does NOT conform to requirements of IEC61496-1 and IEC61496-2. Please do NOT use this product for human body protection.
Photoelectric sensor	E3JM-10M4T	Through-beam , Relay output, timer	-	-	-	-	302	-	-	This product does NOT conform to requirements of IEC61496-1 and IEC61496-2. Please do NOT use this product for human body protection.
Photoelectric sensor	E3JM-10S4T	Through-beam, SSR output, timer	-	-	-	-	326	-	-	This product does NOT conform to requirements of IEC61496-1 and IEC61496-2. Please do NOT use this product for human body protection.
Photoelectric sensor	E3JM-R4M4	Retro-reflective, Relay output,	-	-	-	-	569	-	-	This product does NOT conform to requirements of IEC61496-1 and IEC61496-2. Please do NOT use this product for human body protection.
Photoelectric sensor	E3JM-R4S4	Retro-reflective, SSR output	-	-	-	-	629	-	-	This product does NOT conform to requirements of IEC61496-1 and IEC61496-2. Please do NOT use this product for human body protection.
Photoelectric sensor	E3JM-R4M4T	Retro-reflective, Relay output, timer	-	-	-	-	407	-	-	This product does NOT conform to requirements of IEC61496-1 and IEC61496-2. Please do NOT use this product for human body protection.
Photoelectric sensor	E3JM-R4S4T	Retro-reflective, SSR output, timer	-	-	-	-	453	-	-	This product does NOT conform to requirements of IEC61496-1 and IEC61496-2. Please do NOT use this product for human body protection.
Photoelectric sensor	E3FA-T/R/D/LV/B	All models of E3FA series	-	-	-	-	405	-	-	This product does NOT conform to requirements of IEC61496-1 and IEC61496-2. Please do NOT use this product for human body protection.
Photoelectric sensor	E3RA-T/R/D	All models of E3RA series	-	-	-	-	405	-	-	This product does NOT conform to requirements of IEC61496-1 and IEC61496-2. Please do NOT use this product for human body protection.
Photoelectric sensor	E3FB-T/R/D/LV/B	All models of E3FB series	-	-	-	-	405	-	-	This product does NOT conform to requirements of IEC61496-1 and IEC61496-2. Please do NOT use this product for human body protection.
Photoelectric sensor	E3RB-T/R/D	All models of E3RB series	-	-	-	-	405	-	-	This product does NOT conform to requirements of IEC61496-1 and IEC61496-2. Please do NOT use this product for human body protection.
Photoelectric sensor	E3FC-T/R/D/L	All models of E3FC series	-	-	-	-	405	-	-	This product does NOT conform to requirements of IEC61496-1 and IEC61496-2. Please do NOT use this product for human body protection.
